Can Grande's Tomb, Scaligeri Cemetery, Verona. The Scaligers, great princes and nobles as they were, moulded the fortunes of Verona in the thirteenth and fourteenth centuries. The greatest member of this illustrious family was Can Grande I (1312-1329), who captured Vicenza and subdued Padua, and sleeps in the Tomb depicted on the postcard. The stern Gothic forms of these imposing monuments immortalise the genius of this dynasty. The ladder, their crest, is often repeated on the railings.
